Approval of May Minutes

Borough Manager:
Discussion of fallen tree removal from Shadow Lake. Borough to approach home owner of 11 Park Place to review access and tree removal plan.

Solitude Lake Management:
Discussion of a list of aquatic plants observed in the lakes:

Birchwood - Curly Leaf Bond Weed found, and 3 Acres of algae and treated with sulfate. Aerators were on Monday but off today. The aerators can be turned on after a day of being off, however should they be off for a longer time a start up cycle is recommended.

Mountain Lake - 13 Acres of Algae treated with Copper sulfate, further treatment may be required second week of July, keeping in mind that July 4th is a focal point for the community.

Fireworks Debris was reviewed, and none are aware of any impact on the lakes from the debris created during the fireworks show.

Canal - Due to the effective cleaning of Canal it has become a new body of water to maintain and enjoy. Subsurface growth has been noted, treatment recommended to prevent seeding the lakes and to keep the canal clean and deep. Borough Manager requested proposal for services from solitude to evaluate costs associate with treatment.

Wildwood responding well with higher water quality and lower weed density. Cat Tail growth discussed and treated during next scheduled hydro-raking.
