

Lakes Management Advisory Committee
October 3, 2017

After the Chair opened the meeting at 7:35 PM, a discussion about Grunden's Pond began with homeowners attending the meeting. In summary: The Council Liaison will reach out to the Borough Attorney about ownership of the spillway. The Committee cannot expend funds; that is a Council function. The goal is to determine the cause of the apparent leakage from the lake and from that to get costs and remedies.

Approval of September 2017 Minutes

II. Reports:

A. Chairman

- Discussion of Beaver Management.

Does the Borough employee have a current trapping license? The beaver trapping permit must be applied for between 10/1 and 10/31. Has the employee applied for a permit?

B. Borough Manager not present

C. Solitude

- Update on Conditions and Treatments of Lakes.

Several positive results in the lakes.

Discussion of the issues of cover for fish; healthy system processes with adequate levels of fish spawn to manage phytoplankton.

Discussion of hydroraking and related issues at Birchwood.

Solitude will give a plan for maximum cleanup attainable in the remaining season this year. Council will decide what is feasible. Solitude will also prepare a resource allocation plan and budget for maximum action over the next several years. Again, Council will decide what to include in budget.
